Recyclable Reusable Cup

- Reusable 1000+ times
- 100% Recyclable Polypropylene = Very Easy to Recycle
- EcoCore Insulated Core
- Durable and Dishwasher Safe
- Lightweight and Microwave safe
- Can Be Branded/Personalised

Zero Waste Cup, by FSG, offer the perfect solution to the massive environmental problem that to go coffee cups cause. The plastic inner liner in most paper cups prevents them from being recycled resulting in 160 billion going to landfill and increasing each and every year.

Made from polypropylene, Zero Waste Cups are reusable, recyclable, insulated, strong and can be reused 1000+ times. Zero Waste Cups reduce environmental impact by creating less harmful CO2 than any alternatives and 96% vs standard paper cups.
